STUDENT LIFE FAIR

Student Life Fair

Dear students,

Starting at Aarhus University - BSS often means moving to a new city, finding new friends and discovering many new and unforeseen expenses. As a student, life is filled with opportunities and desires for a better and easier life, these desires are often held back by a tight student budget. The yearly event, Student Life Fair, aims to make the student life easier and more enjoyable.

We would like to introduce ourselves as the coordinators of this year's Student Life Fair that has the purpose of giving students an easy life for a nice price. We have invited a long list of companies that can contribute to this through their exclusive student deals, discounts, competitions and much more. In addition to the companies listed in this magazine, we have invited student associations related to Aarhus University to participate and improve your student life, in order for you to have the best start as a student at BSS!

During the student fair, you can also enjoy a range of entertaining activities as well as the Student Life Fair Quiz with the opportunity to win great prizes! Stop by the fair with your fellow students and take part in two great days!

In this magazine you will find information about participating companies and some of the deals that are offered by these. We are looking forward to seeing you and your fellow students in the S-building at Fuglesangs Allé.

Once again, welcome to Aarhus University - BSS and enjoy the fair!

Best regards,

Statements from employees of SL

"The benefits of being an instructor at BSS include the opportunity to connect with new people and shape the beginning of new students' university journey. I decided to pursue this role to ensure that incoming students have a positive introduction, as a strong start often leads to a rewarding university experience. As an instructor, I am gaining a valuable network that spans various courses and semesters."

Marie Louise Løvbjerg
instruktør

Frederik Eskildsen
Vice Chairman of SLFU

"Being part of Studenterlauget's party committee is the best decision I have made during my time at BSS! If you want awesome friends who is always ready to party or "hygge", SLFU is definitely for you. Apart from great friends, you also get free beers, cheap drinks, and the opportunity to socialize with other faculties' party committees. The biggest event for SLFU is, of course, KAPSEJLADS! By being part of SLFU, you have the opportunity to participate in Kapsejlads and win Det Gyldne Bækken!"

During the year, we have a lot of events to grow the social life on campus, like Friday bars, and Christmas Hygge/Bingo. The biggest event we host is STORE BANKO, where historically 400+ participate every year.

You won't regret joining the SL Party Committee!"

"Caf'Inn is the best workplace in all of SL. In my opinion at least. It's filled with sweet and positive colleagues, with whom you can discuss the world situation, the latest reality drama, or sing along to 00's hits, while you clean, cut or services costumers. It's such a pleasant environment to work in. The bond with my coworkers becomes even stronger at the regularly held employee and SL events, and with self-selected hours it is easy for me to balance school, work and free time as i wish. Also, free food is my favorite dish."

Statements from employees of SL

"As a Bartender at Klubben, you set the stage for memorable nights for all the guests in the bar, both students and otherwise. This in turn, creates the perfect environment for us at Studenterlauget to have a good time while working, which means that we grow, not only our trade skills, but also our social circles. Being a part of Studenterlauget has, for me, led to many new connections and friendships, throughout different faculties and Aarhus in general.

As Bartenders we engage in a causal, but dynamic and highly enjoyable working setting, where we get to have a blast with your coworkers, while we also get to unfold ourselves and learn.

I cannot recommend it enough."

Oliver Albæk
Bartender, Klubben

Magnus Tofte
DJ, Klubben

" Being a DJ in Klubben is an amazing experience. You get the opportunity to experiment with your mixing skills and try out different music for big crowds of young people looking to party! Furthermore you get to be a part of an awesome community consisting of people who love working together and arranging events and parties both at Klubben and privately."

Statements from employees of SL

" My name is Naja, and I have been part of Business Relations at Studenterlauget since May 2022. In Business Relations, our team consists of me and four consultants, whose task is to manage the external partnerships that Studenterlauget has. This has allowed me to expand my network both personally and professionally.

Being part of Studenterlauget offers many opportunities from paid positions to volunteer roles, so while studying at BSS you can e.g., work as a Bartender, Doorman or DJ in Klubben, be a member of the party committee, RUS-instructor or project coordinator for one of the many projects that supports and enrich the students' life at Aarhus BSS.

There is something for everyone, but one common theme is our passion for the community and the study environment. I hope you enjoy this year's Student Life Fair, which is the result of many hours of work by some of your passionate fellow students."

MINIGUIDE FOR NEWCOMERS IN AARHUS

HUNGRY?

Most students live on a tiny budget so here are some recommendations for places to eat out without spending it all in one place.

Are you hungover or just looking for something greasy to eat? We'll recommend **Burger Shack** and **Grillen Burgerbar**, which are all places where you can grab a budget friendly burger menu.

Or do you fancy some Mexican takeaway? Then both **VACA** and **Tipsy** do the job.

Maybe you have a late lecture and want to enjoy some delicious breakfast or brunch? In such a case there are a number of opportunities by the river in centrum of Aarhus. **Ziggy**, **Globen Flakket** or **Cross Café** just to name a few.

If you would like to explore street food from all over the world, go visit **Aarhus Street Food** which is a big hall with a really cozy atmosphere, where you can get both food, drinks and coffee.

SHOPPING?

There are a few different shopping malls in Aarhus. **Bruun's Galleri** is the biggest mall but there are also **Magasin** and **Salling**, which all offers great shopping opportunities.

Like any other bigger city, Aarhus has a main shopping street, called **Strøget**, with lots of different shops. For some more cozy shopping experiences, we suggest that you go to **Latinerkvateret** and visit some of the many small shops in this area.

HANG OUT WITH FRIENDS?

If you are looking for places to chill out with friends, there are various places to recommend in Aarhus.

Mindeparken and **Botanisk Have** are two of the biggest grass areas, where you can unfold a carpet or bring a game to play with your friends. On sunny days, there will be loads of people in these public areas. Also, **Brætspilscafeen** is a great place to go if the weather calls for an indoor evening with board games.

HAVE A GOOD TIME WITH EVENTS?

Every year the **Northside Festival** takes place in Aarhus in the beginning of June and there are some very good artists, it is a bit expensive though, why **SPOT Festival** or **Grøn Koncert** could also be considered if you are interested in a music experience.

“Kapsejladsen” is a yearly event you surely do not want to miss out on. Everyone from Aarhus University is invited and different field of studies compete against each other in sailing kayak, drinking beer and spinning around. We know it sounds crazy, but it's one big party. More than 30.000 students show up every year and have a blast.

GO FOR A SWIM?

Den Permanente, **Bellavue Strand** and **Tangkrogen** are some of the places you can go to if you are looking for a swim in the sea or just a nice beach for some tan. This summer, **Havnebadet** opened in Aarhus, and if you go there you can get a swim in the harbor of Aarhus. Also, **Den Permanente** offers winter swimming, if you like the water a bit colder.

TRY SOMETHING DIFFERENT?

If you have some spare time left over and don't know what to do, here are a few examples of what you could do and get a somewhat different experience.

‘The Rainbow’ has become a symbol of Aarhus and is placed on top of **ARoS**, which is one of the city's museums. **ARoS** is definitely worth a visit if you want a cultural experience in high class.

Do you like nature and animals? Then you should consider visiting **Dyrehaven** where you are allowed to feed deer and watch wild boars in beautiful surroundings.

Is it impossible to find somewhere to sit and study at Aarhus BSS? Then you could try other facilities like **DOKK1**, which is also the main library of Aarhus and the home of “Borgerservice”.
