Dear students,

Starting at Aarhus University - BSS often means moving to a new city, finding new friends and discovering many new and unforeseen expenses. As a student, life is filled with opportunities and desires for a better and easier life, these desires are often held back by a tight student budget. The yearly event, Student Life Fair, aims to make the student life easier and more enjoyable.

We would like to introduce ourselves as the coordinators of this year's Student Life Fair that has the purpose of giving students an easy life for a nice price. We have invited a long list of companies that can contribute to this through their exclusive student deals, discounts, competitions and much more. In addition to the companies listed in this magazine, we have invited student associations related to Aarhus University to participate and improve your student life, in order for you to have the best start as a student at BSS!

During the student fair, you can also enjoy a range of entertaining activities as well as the Student Life Fair Quiz with the opportunity to win great prizes! Stop by the fair with your fellow students and take part in two great days!

Besides the fair, this year we are also hosting Quiz Night, where you can win some great prizes.

In this magazine you will find information about participating companies and some of the deals that are offered by these. We are looking forward to seeing you and your fellow students in the Atrium, 1810 at Universitetsbyen.

Once again, welcome to Aarhus University - BSS and enjoy the fair!

Best regards,

Statements from employees of SL

Dear Students,

On behalf of Studenterlauget and the Board, I am excited to tell you about the vibrant world of Studenterlauget at Aarhus BSS.

We provide a wide range of activities and services that cater to the diverse needs and interests of our students. Whether you are looking for career development resources, engaging social events, or supportive networks, Studenterlauget has something for everyone.

One of the highlighted events organized by Studenterlauget is the annual Student Life Fair. This event is designed to enhance your student life with discounts, products, entertaining activities, competitions with great prizes, and plenty of networking opportunities. It's a fantastic opportunity to explore all that Studenterlauget has to offer and to connect with your fellow students.

Studenterlauget strives to give its over 4,000 members and 250 student employees the best student environment possible through our many projects and events. We hope that you will take full advantage of our numerous offerings and have great experiences throughout your time at Aarhus BSS. I have personally taken part in many of Studenterlauget's varied offerings, from volunteering and working within SL to participating in numerous events. Each experience has been incredibly rewarding and has greatly enriched my time at Aarhus BSS.

If you wish to learn more about Studenterlauget, please visit our booth at the Student Life Fair or stop by our office on the BSS campus. We are here to support you and ensure your university experience is as enriching and enjoyable as possible. We look forward to meeting you!

Alex Ørum
Chairman of the SL board

Statements from employees of SL

"Starting my studies at BSS is a choice I will never regret. It is both the campus itself and the people who spend their time here that create such a special atmosphere. The sense of community you find at BSS is truly unique, and it is also the reason why I chose to get involved in both the party committee and as a "rus" instructor for new students. For me, it is important to pass on the positive experiences I have had, not only to new students but also to those already well into their studies. Taking part in these committees has not only given me unforgettable experiences but has also expanded my personal network with many new relationships across programs and semesters. So, if you have even the slightest desire to become part of these communities, I can only encourage you to jump right in!"

Malou Foss
Instruktør and SLFU
deputy chairman

Jacob Nyborg
BR Manager

"My name is Jacob, and I've been part of Business Relations at Studenterlauget since May 2025. We are 6 employees in our team, and we focus on building and maintaining the external partnerships that make so much of what Studenterlauget does possible, working with everyone from local businesses to larger companies looking to connect with students. It's given me the chance to grow a really valuable network, both professionally and personally.

Studenterlauget has room for everyone, whether you're looking for a paid position or want to get involved as a volunteer. You could end up working as a Bartender, Doorman or DJ in Klubben, joining the party committee, becoming a RUS-instructor, or coordinating one of the many projects that help shape student life at Aarhus BSS.

No matter which path you choose, what ties us all together is that we get to spend our time on something we're passionate about.

I hope this year's Student Life Fair gives you a great experience, made possible by many dedicated students."

MINIGUIDE FOR NEWCOMERS IN AARHUS

HUNGRY?

Most students live on a tiny budget so here are some recommendations for places to eat out without spending it all in one place.

Are you hungover or just looking for something greasy to eat? We'll recommend **Brødrenes Original**, which is a place where you can grab a budget friendly burger menu. Also, you can get a 15% student discount by showing your student ID at Brødrenes Original. At **Golfskoven** can you also grab a burger to eat or play some of the many games that Golfskoven offer.

Or do you fancy some Mexican takeaway? Then both **VACA** and **Tipsy** do the job.

Maybe you have a late lecture and want to enjoy some delicious breakfast or brunch? In such a case there are a number of opportunities by the river in centrum of Aarhus. **Ziggy, Globen Flakket or Cross Café** just to name a few.

If you would like to explore street food from all over the world, go visit **Aarhus Street Food** which is a big hall with a really cozy atmosphere, where you can get both food, drinks and coffee.

SHOPPING?

There are a few different shopping malls in Aarhus. **Bruun's Galleri** is the biggest mall but there are also **Magasin** and **Salling**, which all offers great shopping opportunities.

Like any other bigger city, Aarhus has a main shopping street, called **Strøget**, with lots of different shops. For some more cozy shopping experiences, we suggest that you go to **Latinerkvateret** and visit some of the many small shops in this area.

HANG OUT WITH FRIENDS?

If you are looking for places to chill out with friends, there are various places to recommend in Aarhus.

Mindeparken and **Botanisk Have** are two of the biggest grass areas, where you can unfold a carpet or bring a game to play with your friends. On sunny days, there will be loads of people in these public areas. Also, **Brætspilscafeen** is a great place to go if the weather calls for an indoor evening with board games.

HAVE A GOOD TIME WITH EVENTS?

Every year the **Northside Festival** takes place in Aarhus in the beginning of June and there are some very good artists, it is a bit expensive though, why **SPOT Festival** or **Grøn Koncert** could also be considered if you are interested in a music experience.

“Kapsejladsen” is a yearly event you surely do not want to miss out on. Everyone from Aarhus University is invited and different field of studies compete against each other in sailing kayak, drinking beer and spinning around. We know it sounds crazy, but it's one big party. More than 30.000 students show up every year and have a blast.

GO FOR A SWIM?

Den Permanente, **Bellavue Strand** and **Tangkrogen** are some of the places you can go to if you are looking for a swim in the sea or just a nice beach for some tan. This summer, **Havnebadet** opened in Aarhus, and if you go there you can get a swim in the harbor of Aarhus. Also, **Den Permanente** offers winter swimming, if you like the water a bit colder.

TRY SOMETHING DIFFERENT?

If you have some spare time left over and don't know what to do, here are a few examples of what you could do and get a somewhat different experience.

‘The Rainbow’ has become a symbol of Aarhus and is placed on top of **ARoS**, which is one of the city's museums. **ARoS** is definitely worth a visit if you want a cultural experience in high class.

Do you like nature and animals? Then you should consider visiting **Dyrehaven** where you are allowed to feed deer and watch wild boars in beautiful surroundings.

Is it impossible to find somewhere to sit and study at Aarhus BSS? Then you could try other facilities like **DOKK1**, which is also the main library of Aarhus and the home of “Borgerservice”.
