

Become Business Relations Consultant

Are you good at creating and maintaining professional relationships, keeping an overview and juggling many balls at once?

In Business Relations, we have the overall responsibility for Studenterlauget's external partnerships. This ranges from marketing services and strategic projects to developing and rethinking events that create value for students at Aarhus BSS.

As a Business Relations Consultant, you get a lot of responsibility and a versatile role: you manage your own portfolio of partners, seek out new collaboration opportunities, and take charge of the partnerships connected to one of Studenterlauget's annual projects - such as CompanyConnect.

Experience isn't something we require - it's something we offer.

Who are we looking for?

We are looking for a student who wants to develop, take responsibility and build real relationships. We imagine that you:

- Have an interest in B2B sales, marketing and Studenterlauget's work.
- Are ready for challenges, and are driven and engaged.
- Are a student at Aarhus BSS.
- Have drive and thrive in an outgoing role with responsibility.

What do you get out of it?

A student job in Business Relations gives you commercial experience that is hard to get anywhere else on campus. At Studenterlauget you get:

Study-relevant work at Denmark's largest student organisation

Broad B2B experience and room for personal development

Flexible working hours around your studies

A paid student job - 10 hours per week
